

MAKER SPACE

Traditional Library

Emerging Technologies

Makerspace as a bridge between Traditional library and Emerging technologies.

ADVANTAGES OF HAVING A MAKERSPACE IN A NATIONAL LIBRARY:

FOR USERS

Makerspace is place to ...

VHS T-120 Use hardly accessible technologies and knowledge for free

VHS Bring data and knowledge into meanings and decisions

Get truly involved in "learning by doing"

VHS T-120 Develop personal and social skills and find studies or career paths

CD REDUCE DIGITAL AND SOCIAL EXCLUSION

VHS Discover the library as a diverse and engaging "third place"

FOR NATIONAL LIBRARY

Makerspace is a way to ...

Collect experience shareable among the libraries

Attract new users and build stronger community

GIVE USERS GREATER SENSE OF LIBRARY'S OWNERSHIP

Strengthen position as a non-formal education institution

EMPOWER LITERATE, INFORMED AND PARTICIPATIVE SOCIETIES

Bring IT innovations closer to users and librarians

Encourage reuse of digital heritage

FOR PUBLIC LIBRARIES

Makerspace is a chance to ...

Give new perception on libraries' services in the digital age

Build innovative libraries' reputation

SEE ADAPTATION OF NEW MEDIA AND TECHNOLOGICAL LITERACY IN PROBLEM SOLVING

Witness possibility of creating low-cost, self-sustainable but at the same time popular services
